INTRODUCING PILA

Pila is our spiritual home and has been our foundation since day one. Not only do we think the Aosta Valley is an incredible destination for school skiing, we think that what Italy offers is simply second to none.

There's the fantastic food, the amazing monuments, the fascinating history and just the ice cream by itself is a good reason to visit! Both the skiing and scenery are unrivalled, with views that include both Mont Blanc and the Matterhorn in the same panorama. We estimate more than 300,000 interskiers have travelled with us to this quiet corner of Italy over the years and there's a solid reason why they keep coming back.

Ski Terrain for All Levels

With 70 km of well-maintained pistes, Pila caters to all skill levels:

Beginners: Gentle slopes like Baby Pila and Baby Gorraz.

Intermediates: A variety of red runs offering diverse challenges.

Advanced: Black runs such as Leissé and Couis 2, along with off-piste opportunities.

Scenic Beauty & Accessibility

Pila offers breathtaking 360° views of iconic peaks like Mont Blanc, the Matterhorn, and Gran Paradiso.

The resort is easily accessible from the cultural town of Aosta via a short gondola ride from the historic town of Aosta.

Snow Reliability

The resort boasts an average elevation of up to 2,800 meters and north-facing slopes, ensuring excellent snow conditions throughout the season.

Après ski

Pila and the town of Aosta offer an amazing après ski program for school groups, ensuring fun both on and off the slopes.
